Prior agreement must be given by the employee's Line Manager for use of a private car for official mileage, which should be considered as exceptional. Before using a private car for official mileage, employees must provide a signed statement confirming that they hold insurance covering business use.

All statutory and public holidays and a specified privilege day at Christmas are in addition to the basic holiday entitlement.

Training and Development

Cycling UK carries out a full induction for new employees. Cycling UK tries to tailor training to individual staff needs as highlighted in their annual appraisal. The appraisal records an assessment of your performance potential and training developmental needs (as well as

other matters). These needs and issues may also be addressed by your line manager throughout the year. Staff should keep themselves abreast of relevant developments and training opportunities and solutions.

Cycle Purchase Scheme

Cycling UK participates in the national 'Cycle to Work' scheme, enabling employees to take advantage of reduced tax on the purchase of bicycles.

Group Life Assurance

Cycling UK has a Group Life Assurance scheme held with Canada Life Limited. Membership is open to all employees age 16 and over and up to age 65 after completing three months service. A lump sum benefit of four times basic salary will be paid on the death of a member. The cost of the scheme will be borne by Cycling UK. Any member whose benefit exceeds the scheme's free cover limit of £262,000 benefit will be required by Canada Life to receive medical underwriting for the excess benefit cover.

Health

Cycling UK will pay statutory sick pay (SSP) in accordance with the rules set out by the Inland Revenue. Once the employee has successfully completed their probationary period they may be able to receive full pay for up to 4 calendar months in any one rolling year. Occupational sick pay will be payable, less SSP. Thereafter, payment will be discretionary dependent on circumstances. Any entitlement to receive sick pay does not preclude Cycling UK from managing sickness absence or from exercising its right to terminate an employee's employment on the grounds of incapacity or absence.

Probationary Period

All Cycling UK staff will work a three month probationary period. During this period notice will be one week on either side.
