Sun 9th September 2018 - CTCSUFFOLK 90th ANNIVERSARY RIDE

Many members may not be aware that our beloved CTC Suffolk will reach the grand old age of 90 in November this year.

The inaugural meeting was held in Saxmundham at Clarks Tea-room and things were much more formal in those days with most men wearing collars and ties! No Lycra then!

Clarks was much frequented by cyclists. The building is still there, on the left, near the traffic lights on the High street as you approach the town from the Ipswich direction.

To celebrate the anniversary, for our normal rides, on September 9th 2018 we have decided to have a 90 mile and a 90 kilometre ride with lunch in Saxmundham. There is a museum in the High Street near the railway bridge where they are keen to have a display for us, which will hopefully generate some publicity for them and us. They have agreed to open on the day and serve tea and coffee for those who would like to see the display.

Contact Judy Scott for details.

Tuesday 30th October 2018 - CTCsuffolk group AGM at 07:30 Rushmere Village Hall.
