

A new Inclusive Cycling Facility in Craven Arms - we need your feedback!

We are trying to set up an all inclusive cycling project on the Onny Meadow at The Discovery Centre and we are interested in your views.

Cycling4All, Shropshire would be very interested in hearing from you if:

1. You would be in favour of such a development at the site
2. You know of any individuals or groups who might like to attend inclusive cycling sessions (led by qualified leaders and with possibility of suitable bikes made available)
3. You might like to volunteer to support inclusive cycling sessions and benefit from training available.

To give us your feedback please contact Ray Hughes, Project Officer, Sustainable Transport Project Team, Shropshire Council
ray.hughes@shropshire.gov.uk 01743 254945.
