

Trets Bikes

The Trets is a recumbent trike that can be used around site and off site with prior booking. This bike is for our younger clients aged 6 – 16. It has a support harness for those that need it. For those that need a little extra help with biking, this bike can be used in conjunction with the Kettweisel, the front wheel comes off this one and the front forks hook onto the back of the Kettweisel forming a kind of train. There are a lot of adjustments that can be done to this bike so we can make it to fit your needs. This bike also has a hand brake. Best thing would be for the group to try before they hire.

We only have one of these bikes at the moment, a hire form will need to be completed when hiring. Any damage to the bike outside wear and tear will need to be covered by the customer.
