New Forest Inclusive Cycling

Wheelchair cycles - Draisin Plus

- **Easy to ride wheelchair tricycle**
  - The pilot (driver) has the controls (steering, gears and braking) and sits at the back of the tandem
  - The stoker (passenger) sits at the front to experience the thrill of cycling and enjoy the stunning views of the New Forest.
  - This configuration means that communication with the passenger is much easier as the pilot can see them.

- **Wide wheelbase** –
  - Stable when stationary or moving.
  - Pilot does not need to be able to balance – passengers of all sizes can be carried without fear of over-balancing

- **Secure passenger seat,**
  - Five-point vest and safety harness, head support and footrests (Ideal for passengers with little or no core-strength)
  - Child's supportive seating system available

**On the Inclusive cycling fleet:**

- 2 x Draisin Plus
- Pilot seat suitable for 12+ years
- Passenger seat suitable for 3+ years

Nb. Wheelchair users must be able to transfer or be transferred from wheelchair to cycle.
