

# SHOP WINDOW

Editor **Dan Joyce** summarises a selection of new products and developments that are in the shops, online, or coming soon

1

## 1. GIANT TOUGHROAD SLR 1 £899

General purpose bike? Off-road tourer? Trekking bike? It comes with 20-speed Sram X7/GX gearing (42-28 & 11-36), 700x50 tyres, and racks. Just add mudguards. [giant-bicycles.com](http://giant-bicycles.com)

## 2. GEBLA ROHBOX SHIFT BOX £179.99

Like Rohloff's Speedhub but not its twistgrip shifter? This box enables you to use drop-bar 'brifters' (e.g. STI) or flat-bar trigger shifters instead. [ison-distribution.com](http://ison-distribution.com) & [rohbox.com](http://rohbox.com)

## 3. GREEN OIL ON TOUR £2.39

You can use any tiny bottle to transport oil on tour, but this re-fillable 20ml one won't leak, has a nozzle, and the oil is environmentally friendly. [green-oil.net](http://green-oil.net)

## 4. CARRYFREEDOM THE LEAF TRAILER £TBA

Folding flat for storage, the Leaf is meant for urban use. It attaches at the seatpost, has 16in wheels, carries 45kg, and stands upright. [carryfreedom.com](http://carryfreedom.com)

## 5. GARMIN VARIA REARVIEW BIKE RADAR £159.99+

This rear light transmits a warning to your Garmin Edge (or the £80 Garmin Head Unit shown) to tell you when a car is approaching behind. The light brightens to alert the driver. [garmin.com](http://garmin.com)

## 6. LINDARETS X WOLF TOOTH TANPAN \$39.95

It adjusts gear cable pull so you can combine a 10- or 11-speed Shimano MTB derailleur (and a bigger cassette) with an equivalent-speed STI drop-bar lever. Neat. [lindarets.com](http://lindarets.com)

## 7. CIRCE TRIPLET £2449

The middle section of this 20in-wheel family triplet can be removed to create a tandem. If you have a Circe Helios tandem, the middle bit can be retro-fitted (from £750). [circecycles.com](http://circecycles.com)
