# TRAILS FOR WALES

**THERE ARE PLENTY** of trails in Wales suitable for riding, whatever you choose to saddle! In recent months, Cycling UK has been working with the British Horse Society and other outdoor organisations in support of the Welsh Government's proposals to increase access opportunities for responsible riding. The Welsh Government is asking for all cyclists' views – not just Welsh residents – so if you want to help make history, then sign up for Cycling UK's Trails for Wales campaign:
