# WOMEN'S FESTIVAL OF CYCLING

**CYCLING UK'S SECOND** annual Women's Festival of Cycling will take place in July. The event will see female-friendly rides and activities throughout the country, aimed at encouraging and inspiring more women to go out and cycle. Alongside the festival, our list of 100 Women in Cycling will again shine a spotlight on women active in the world of on or off-road cycling, whether as campaigners, mechanics, ride leaders, event organisers, or trailblazers such as Suffragette and first female member of CTC Council, Rose Lamartine Yates.
