

### Cycling UK Life Membership Application Form

The cost of Life Membership varies and is reduced based on the number of years you've already been a member, to recognise your loyalty, and predicting how long you are likely to need the insurance cover.

To calculate the rate for you, start with 25 times the annual Adult subscription rate, (as from the 1<sup>st</sup> November 2020, £48.00), a total of **£1200.00**

Then combine these two factors:

- 0.5% (= £6.00) for every full year of age up to 71; and
- 0.5% (= £6.00) for every full year subscription paid by the member.

For example: Mr Allen is 60 years old and has been a Cycling UK member since he was 20. He calculates the cost of Life Membership as follows:

- Start total: **£1,200.00**
- Reduction for Mr Allen's age: (0.5% x 60 years) 30% of £1,200 = **£360.00**
- Reduction for Mr Allen's yearly subscriptions paid: (0.5% x 40) 20% of £1,200 = **£240.00**
- Total reduction (£360.00 + £240.00) = **£600.00**

Total cost of Life Membership to Mr Allen (£1,200.00 - £600.00) = **£600.00**

Full Name:	
Membership Number:	
Life Membership Subscription (Years x £48.00)*	£
Less: ½% (£6.00) x _____ years of age (up to 71)	£
Less: ½% (£6.00) x _____ no. of subscriptions paid	£
Cost for Life Membership:	£

\*Calculation and prices correct as of November 2020
