

Gresley Way Cycleway Petition

Gresley Way is one of the busiest roads in Stevenage yet the entire northern section from Six Hills Way to Martins Way lacks any cycleway provision. Instead, people cycling along this route are forced to share the road carriageway with vehicles travelling up to 40 miles per hour.

We call on Hertfordshire County Council and Stevenage Borough Council to work together to upgrade the pedestrian path to give a safe high quality segregated space for walking and cycling.

Go to 38degrees.org.uk and search “Gresley” or use the QR code below.
