

# Do You Cycle? Your Community Needs Your Voice!

Join our residents' panel. Together we can make cycling a safe and easy choice for everyone.

## By residents, for residents

This initiative is **volunteer-led** by residents in Stevenage to provide a strong resident voice. Everyone is unique and only you know what you need.

## Get involved in advocacy

You will be invited to **share your views on local developments**, suggest questions to ask the Council, and give input for new campaigns.

## Build new connections

The panel will **connect you with like-minded people** who cycle for everyday journeys in Stevenage to **discuss your experience of cycling**.

## Flexible time commitment

**Join when and if it suits you.** The panel meets four times a year, but you can also get involved outside of meetings.
