## CYCLING IS FUN FOR ALL THE FAMILY

**W**ith school holidays fast approaching, now is the ideal time to start planning some quality time on your bikes. Cycling as a family is a great way to spend time together, improve your wellbeing and have a lot of fun. Cycling UK has loads of great advice for families cycling together ([cyclinguk.org/family](https://cyclinguk.org/family)), from teaching your child to ride their first balance bike to cycle touring with youngsters in tow. If you're looking to invest in a new bike for your young one, we've got you covered there, too.

Maybe you're gifting a new balance bike to a grandchild or upgrading your teenager's old (and, if you're being honest, too small!) bike. Whatever you're looking for, Frog Bikes will have something for you – and as a Cycling UK member you can claim a 10% discount ([cyclinguk.org/frogbikes](https://cyclinguk.org/frogbikes)). Getting the right bike for a youngster is crucial if they're going to ride it. Too heavy and they'll abandon it, too uncool and they'll not be seen on it. Frog bikes are made especially for younger riders so you know you're getting a good-quality cycle that your child will want to ride.

If you're not ready to invest in a new bike, then Bike Club could be the answer ([cyclinguk.org/bike-club](https://cyclinguk.org/bike-club)). This kids' bike subscription service allows families to choose from a wide range of new and secondhand

lightweight bikes from top brands – so you don't have to commit to buying a new bike. Cycling UK members get their first month free. Bike Club offers everything from a child's first balance bike to road and mountain bikes for teenagers. Bikes are delivered to your door, and when your child outgrows their current model, you can simply exchange it for another.

With all these new bikes, you might be looking for upgraded insurance. Cycling UK has partnered with Bikmo to offer members a 10% discount\* on the company's award-winning insurance ([cyclinguk.org/bikmo](https://cyclinguk.org/bikmo)). Even better, though, Bikmo offers a 50% saving when insuring multiple bikes, so the whole family can be covered under one policy (the discount applies to the lowest-value bike[s]). Additionally, Cycling UK members can get 14 days free insurance on new bikes ([bikmo.com/uk/partners/cyclinguk/free-insurance/](https://bikmo.com/uk/partners/cyclinguk/free-insurance/)). There's no commitment and no auto-renewal, so once the 14 days are up, you can take out a policy using your Cycling UK discount and continue to save.

You're now set for family cycling throughout the summer!

*\*Minimum premium £3.73/month and policy wording applies. Subject to eligibility. Bikmo Limited is authorised and regulated by the Financial Conduct Authority ref: 745230.*
