New benefit

Thank Evans for bike care!

Have you been making the most of the sun by spending more time

in the saddle? Maybe it was a leisurely cycling holiday with the kids, lots of long club rides or you tackled one of our long-distance routes. Now it's time to give your bike a bit of TLC.

Well, we've got some good news for you. We are thrilled to have begun partnering with Evans Cycles, the UK's No.1 specialist cycling retailer, unlocking some great new benefits for members across the country.

Free 10-point bike health check

You can pop into any Evans Cycles store nationwide and get your bike looked over by the pros. They'll handle the quick fixes and provide a report of anything that might need more attention – all in just 15 minutes while you wait. It's quick.

It's easy. It's free. And it could save you from a roadside repair. There's no need to book; just take your bike and your Cycling UK membership card to your closest store. cyclinguk.org/evans-bike-check
