

## Liz & Nadia get on Board

Thank you to everyone who took part in the 2025 trustee election process. We're delighted to welcome Liz Dobson as a newly elected trustee to the 2026–28 Board. We're also pleased to confirm the re-election of existing trustee Nadia Kerr.

Nadia brings a lifelong love of cycling and a strong professional background to her continued role on the Board. Having cycled since childhood, Nadia has never been far from her bike and now rides more than 10,000km most years, enjoying road, off-road and indoor cycling alike.

Trained as a personal injury solicitor, Nadia's career has been driven by a passion for supporting injured and vulnerable riders. Reflecting on her re-election, she said that being a Cycling UK trustee brings her "enormous pride and satisfaction," working alongside people who are deeply committed to the charity's mission.

Now three years into her trusteeship, Nadia continues to play a key role in supporting and constructively challenging the leadership team as Cycling UK delivers and evolves its current strategy.

Liz Dobson joins the Board with cycling truly part of her daily life. From

childhood freedom on bikes to touring in the UK and overseas, weekend club rides and business travel by bike, cycling has always been central to how Liz gets around. One of her proudest achievements was successfully campaigning for the Dorking–Westcott off-road active travel route in Surrey, completing a missing link in the National Cycle Network.

Alongside her cycling advocacy, Liz brings more than 20 years' experience at senior management and board level. Her career spans technology and data consultancy, followed by a decade in non-profit leadership with local Citizens Advice and NHS health data registries. She offers strong strategic vision combined with practical operational delivery, particularly in technology, data and governance.

"I'm really pleased to be joining the Board at such an important moment for cycling," Liz said. "I've seen how cycling can transform everyday life, and I'm looking forward to bringing my experience to help Cycling UK stay resilient, relevant and ambitious for what comes next."

The next call for applications to become a trustee will be published in the June/July issue.

## Our next adventure

Cycling UK's Adventure Series inspires thousands of riders each year with routes that promote wellbeing and support local communities. Following the success of Royal Chilterns Way, we're planning a new route for 2026 – location firmly under wraps. But we need your help: this February we're launching a fundraising appeal to support its creation.

"As soon as riders finish one route, they ask what's next," says Ross Adams, Cycling UK's Adventure Series Manager. "By supporting this appeal, you can help create another unforgettable cycling adventure. Please donate, get involved and help shape what comes next." ## Sign up for Gift Aid

As a member, you can make your support go even further at no extra cost to you. Through Gift Aid we can claim back from HMRC 25p for every £1 of your membership subscription. If all members signed up for Gift Aid, we'd raise an extra £700,000 per year to make cycling safer and more accessible for all. Gift Aid is quick, easy and free to set up.
