With stable handling, generous tyre clearance and practical gearing, they're ideal for discovering how versatile gravel riding can be.

For riders ready to go further, Vitus gravel bikes bring lighter frames and upgraded components that help you ride longer, faster and over more challenging surfaces, perfect for bigger days out

and ambitious route planning. And for seasoned riders, Evans Cycles stocks premium gravel bikes from brands such as Cannondale, Specialized and Trek, featuring advanced frame materials, wide gearing and high-spec components built for endurance, bikepacking and all-day performance on rough ground.
